Commissioner for Patents

This is responsive to the claims submitted on 12/21/01. Two sets of claims are submitted on 12/21/01, both sets of claims are non-compliance. The first set of claims (18 pages), the numbering of claims is not accordance with 37 CFR 1.126, which requires the original numbering of the claims to be preserved throughout the prosecution. When claims are canceled, the remaining claims must not be renumbered. When new claims are presented, they must be numbered consecutively beginning with the number next following the highest numbered claims previously presented (whether entered or not). The second set of claims (8 pages), appears to be a preliminary amendment. Any preliminary amendment that is present on the filing date of an application filed under 37 CFR 1.53(b) is part of the original disclosure. Amendments must be filed in compliance with the requirements of 37 CFR 1.121 (e.g., the amendment must include a complete claim listing whenever a claim is added, canceled, or amended). See MPEP §714. [i.e. the preliminary amendment must include a complete set of claims (18 pages set and 8 pages set).

A shortened statutory period for reply to this Office action is set to ONE MONTH from the mailing date of this action.
